**2018 PROCESSORS PROVIDE VALUABLE SERVICE**

Our participating processors provide a critical service to our charity. The vast majority of these processors give our program a significant discount off of their normal fee and we are very grateful to them for their part in making our program successful. Many of these businesses can do specialty items such as jerky, summer sausage or breakfast sausage for you as well as doing an excellent job of preparing roasts, steaks, burger etc. We are thankful to all the processors who work with us and encourage you to use their services for deer that you are having processed for your personal use.

**2018 Participating Processors and Collection Sites**

\* Denotes a collection site. We advise all potential donors to call the processor or collection site to check hours of operation, to get directions and to check for any special instructions. Check our website [www.h4hungry.org](http://www.h4hungry.org) for any changes during the season.
