VIRGINIA HOUND HERITAGE FOUNDATION DONATES PORTABLE REFRIGERATED TRAILER

William Gillette presents trailer to HfH Director, Laura Newell-Furniss

When William Gillette of the Virginia Hound Heritage Foundation learned of our need for a refrigerated trailer he got to work. He secured funding for the trailer, searched to find the best deal on a quality trailer and traveled all the way to Georgia to pick it up.

The trailer was presented to Hunters for the Hungry at the third annual Hoses and Hounds event on October 7 at the Southampton County Fairgrounds. Hunters for the Hungry wishes to thank everyone involved in making this donation possible.

Area hunters are encouraged to donate deer during the general firearms season. Locations to donate are listed below. Donated deer need to be field-dressed with the head off and the hide remaining on the carcass. Also, remove the front feet. If the hind feet are removed, do not cut the heel string. Each deer must be recorded and accounted for on the provided forms. No carcass will be transferred to the processor without the proper information. Forms will be attached in a binder on the cooler. The forms will be sent to Hunters for the Hungry by the processor. Each hunter donating will receive an entry in our 25 prize drawing for donating hunters.
